3-in-1 Seed-Handling Versatility

The Unverferth Seed Runner not only delivers seed to your planter or drill, its patented design allows for the conveyor to rotate 180° for filling itself!

You can even position the conveyor parallel to the tender and transfer seed from one container to another. That's 3-way versatility — loading, unloading and transferring — for 3 times the value.

- 18' steel-tube conveyor with 2-stage, 5' telescoping downspout for filling the furthest corners of any planter or drill — up to 30' away
- Dual-compartments for multiple varieties

See your nearest Unverferth dealer today for complete details on the Unverferth Seed Runner seed tender, visit our Web site at www.unverferth.com or call 1-800-322-6301.

THE NEW STEIGER® TRACTORS. MORE POWER. LESS EMISSIONS. NO COMPROMISE.

In recent independent tests,* the new Steiger® 600 with SCR (Selective Catalytic Reduction) technology outperformed the Deere 9630 in fuel efficiency across the entire power band. Plus, the Steiger recorded up to 16% more drawbar horsepower than the competition. SCR technology also provides the Steiger with clean, cool air, resulting in cleaner oil and less maintenance. To learn more, visit your Case IH dealer or caseih.com/beready to see how Case IH tractors with SCR technology can help prepare you for the future.

BE READY.

**FOR UNBEATABLE QUALITY AND PERFORMANCE
CHOOSE CNH REMAN
ROTATING ELECTRICAL.**

CNH REMAN parts are completely remanufactured to ensure a repair that meets Case IH performance standards. Plus, with CNH REMAN, you get the convenience of up-front pricing and the protection of a best-in-class warranty that covers parts and labor*.

Like-new
quality yet costs
**20-40%
LESS!**

MUCH MORE THAN REBUILT

Starters — 1-Year Warranty

- Seamless one-piece case design protects against corrosion and entry of foreign matter
- 100% new solenoids, seals, o-rings, brushes, bushings and bearings
- Sealed ball bearings and oilite bronze sleeve bushings lubricate and support the armature and drive shaft
- Brush holder provides constant spring pressure for even wear, uniform pressure and excellent service life

Alternators — 1-Year Warranty

- Frames are cleaned and restored to their original finish
- 100% of all stator terminal connectors are soldered
- 100% new bearings, brushes, gaskets and bridge rectifiers
- Thoroughly tested for output, leakage current and all other performance criteria

*Labor included only when installed by a Case IH dealer
