

Extreme Performance and Proven Reliability

ASV's RT-60 is one of the most versatile mid-sized compact track loaders available today. It combines low ground pressure, extreme traction and exceptional performance so you can get work done efficiently in the widest range of conditions, even where other machines don't work at all.

The RT-60 gives you ultra-reliable 60 hp, industry-leading 11 mph travel speed, 15-inch wide rubber tracks and a super-low 3.9 psi ground pressure. Experience the new ASV RT-60 for yourself by visiting our showroom. We carry the full line of ASV Compact Track Loaders. Call or stop by soon.
