Rolling Harrow Double Basket - Model 1225

The Rolling Harrow soil conditioner levels, incorporates chemicals and finishes the soil in one smooth, efficient operation. You'll get a firm, level field with coarse soil on top that resists crusting, with the finer soil particles at planting depth for optimum seed-to-soil contact.

**Winter shipment arriving now!
Many sizes available from
28' through 45.**

VERSATILE. EFFICIENT. PROVEN.

IT'S ALL ABOUT REAL RESULTS.

The Reel Disk, heavy-duty tool for vertical tillage, provides adjustability for optimal seedbed conditioning for better yields no matter where you farm.

A multipurpose field preparation system that opens up your soil to enhance drying and prepare a fine, firm seedbed ready for planting quicker and easier than any other vertical tillage tool on the market.

Backed by America's leading manufacturer of seedbed preparation tools, the Reel Disk is the perfect tool for higher yields and profits.

For unmatched flexibility and unrivaled results, give us a call today. McFarlane Manufacturing - at the forefront of vertical tillage.
