

In this market

EVERY DOLLAR COUNTS.

If you are not with Farm Bureau Insurance, we should talk.

Here are some *simple*, yet effective actions you can take now to conserve capital while making sure you're still protected:

- Review Liability Limits on your base policies and umbrella
- Review Equipment Values to ensure you aren't overstating
- Review Deductibles on Home separate from Outbuildings
- Review Deductibles on Business Auto policy (be intentional)
- Proactively manage Truck and Trailer storage
- Set auto policy term to 12 months instead of 6 months
- Pay with Automatic EFT payment vs. Manual payments
- Schedule UTVs, trailers, etc. on home whenever possible

For a more comprehensive review to make sure your insurance is structured to protect your legacy and your pocketbook, contact us today!

Serving all of Lower Michigan!

IS YOUR FARM PROTECTED?

Long term care costs are one of the leading causes of farm bankruptcies.

Care facility costs are expensive, and even more so for dementia related care.

We have resources and partners that can ensure your estate is protected, funded, and diversified to weather the storm.

Protect your family legacy - Call us today.
