Cherne pneumatic plug

In need of a manure pump? Cornell Pump Company offers a large array of solids handling pumps. These pumps can be found in a wide range of applications in the Municipal, Agricultural and Industrial markets. They are available in a variety of mounting configurations including close-coupled, SAE engine, horizontal and vertical mounted. These pumps can feature enclosed, semi-open and delta impellers, and a variety of construction materials.

Call Triple K Irrigation for your pump and parts needs!
