

# Let Wylies help you keep your Robot Barn clean!

The IntelliChain™ Alley Scraper System has the brawn and the brains needed to keep your herd clean 24/7/365!

**Designed with your operation in mind!**

- Advance **SmartSense™** learning system constantly adjusts to weather, bedding and manure changes while recalculating the amount of torque needed to pull the drop point
- Energy-efficient planetary gearbox driven by single 3/4 hp motor
- Narrow, space-saving drive unit design provides ultimate layout flexibility
- Slider sleds available for layouts with alleys of unequal lengths up to 1000 ft. (305 m) total circuit
- On-floor or recessed chain installation available — easily installs in new or existing barns
- Low maintenance

Available in: 1Ø or 3Ø, 230 V power, 50/60 Hz. Higher voltage option available.

**SmartSense™** Control Panel features an easy-to-use, "glove friendly" touch screen.

## Folding Versa Blade Scrapers

*Choose from: steel, rubber or urethane*

**Model 320**

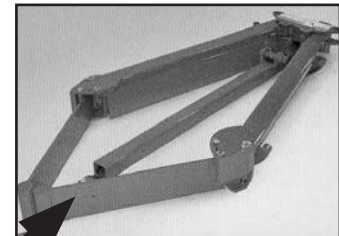

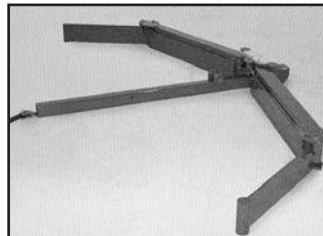

**Model 1000**

**Model 1500**

- Reduce expenses with time, labor and cost savings
- Minimize wear on tractor or skid steer
- Automatically clean on a precise schedule — even while you sleep
- Scrape more often
- Installs easily — any time

When its time to bed freestalls, pull two pins, and go from this...to this
